Extension of Deadline for Submission of expressions of interest on the Broadband Fixed Wireless Access in Guernsey – Licensing of 2.6 GHz Spectrum

On the 21st of November 2008 the OUR published an Information Note and Call for Expressions of Interest paper entitled “*Broadband Fixed Wireless Access in Guernsey – Licensing of 2.6 GHz Spectrum*” (OUR 08/19). That paper sought to assess level of interest in accessing spectrum at the 2.6 GHz band at this time in Guernsey, and to invited interested parties to express their interest in applying for use of the spectrum.

The document provides information on the licensing process and the next steps should such interest be expressed. Interested parties were asked to submit their expressions of interest in applying for use of the spectrum by 9th of January 2009.

However following a request for an extension to the consultation period, the DG has agreed to extend the deadline to **5pm on Friday 16th of January 2009**.
